

## SilverScript Choice (PDP)

an Aetna® Medicare prescription drug plan

# 2026 A1 Formulary (List of Covered Drugs or "Drug List")

**PLEASE READ:**

**THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN**

For more recent information or other questions, please contact SilverScript Choice (PDP)

Customer Care at **1-866-235-5660**, 24 hours a day, 7 days a week (**TTY: 711**), or visit

**[aetna.com/medicare](https://www.aetna.com/medicare)**.

Formulary File 26007, Version 9, (Updated: October 1, 2025)

Y0001\_NR\_5600360\_2026\_C

This document includes a list of the covered drugs (formulary) for our plan which is current as of October 1, 2025.

When this Drug List (formulary) refers to “we,” “us”, or “our,” it means SilverScript® Insurance Company. When it refers to “plan” or “our plan,” it means SilverScript Choice (PDP).

For an updated formulary, please contact us. Our contact information, along with the date we last updated the Drug List (formulary), appears on the front and back cover pages.

To view the most recent document including any changes that have been made visit [Aetna-PDP.MemberDoc.com](https://www.aetna.com/members/pdp/memberdoc.com).

Please review this document to make sure that it still contains the drugs you take.

Check the formulary each year for changes to the drugs you take.

## The SilverScript Choice (PDP)<sup>®</sup> formulary

In this document, we use the terms Drug List and formulary to mean the same thing. A formulary is a list of covered drugs selected in consultation with a team of health care providers. It represents the prescription therapies believed to be a necessary part of a quality treatment program. We will generally cover the drugs listed on our formulary as long as the drug is medically necessary, the prescription is filled at a network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your *Evidence of Coverage*.

## Save with generic drugs

SilverScript Choice (PDP) covers both brand name drugs and generic drugs. A brand drug is made by a drug company holding a patent on the unique chemicals used to make the drug. When a drug patent expires, other companies can seek approval to produce a generic equivalent. A generic equivalent must have the exact same active ingredients as the brand name drug.

Generic drugs are often less expensive than brand drugs because the brand manufacturer has already proven the drug a success.

Not all brand drugs have a generic equivalent. But if you're taking a generic drug, just know that you are getting the same active drug ingredient in the same dose and quantity, often at a much lower cost. Speak with your doctor or prescriber to see if generic drugs are right for you.

## What are original biological products and how are they related to biosimilars?

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars.

Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

## Insulin and vaccine information

### Insulin

You won't pay more than \$35 for a one month-supply of each insulin product covered by our plan, no matter what cost sharing tier it's on or which Part D phase you are in.

Once in the Catastrophic coverage phase the plan will pick up the cost of your insulins – you pay \$0.

### Vaccine

Your prescription drug coverage includes \$0 cost-sharing for preventative adult (age limits may apply) vaccines. A full list of covered vaccines can be found on the below drug list under **VACCINES**.

***The shingles vaccine (Shingrix) is an example of a \$0 Part D vaccine because it is preventive against shingles.***

Your Medical coverage also includes vaccines, when coverage is mandated by Medicare rules to cover under Medical such as your flu vaccine, Covid boosters, or pneumonia vaccine. Other vaccines are sometimes covered by Medical such as the tetanus-diphtheria vaccine example below. Please see your *Evidence of Coverage* (EOC) for more details about your medical benefits.

*Tetanus-Diphtheria is an example of a medical coverage vaccine if it is related to an injury.*

For additional information on recommended vaccines and age limitations, go to [www.cdc.gov/vaccines/schedules/easy-to-read/adult-easyread.html](https://www.cdc.gov/vaccines/schedules/easy-to-read/adult-easyread.html).

## Potential changes to your formulary

Generally, if you are taking a drug on our 2026 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2026 coverage year. There are some exceptions. We describe them here.

### In the below cases, you may be affected by coverage changes during the year

<b>Immediate substitutions of certain new versions of brand name drugs and original biological products</b>	<p>We may immediately remove a drug from our formulary if we are replacing it with a certain new version of that drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions.</p> <p>When we add a new version of a drug to our formulary, we may decide to keep the brand name drug or original biological product on our formulary, but immediately move it to a different cost-sharing tier or add new restrictions.</p> <p>We can make these immediate changes only if we are adding a new generic version of a brand name drug or adding certain new biosimilar versions of an original biological product, that was already on the formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription).</p> <p>If you are currently taking the brand name drug or original biological product, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.</p> <p>If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information, see the section below titled “Requesting an exception” on page 12.</p> <p><b>Please note:</b> For changes that are immediate-substitution, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.</p>
<b>Drugs removed from the market</b>	<p>If a drug is withdrawn from sale by the manufacturer or the Food and Drug Administration (FDA) determines to be withdrawn for safety or effectiveness reasons, we may immediately remove the drug from our formulary and later provide notice to members who take the drug.</p>

**Other drug changes**

We may make other changes that affect members currently taking a drug. For example, we may:

- Replace a brand name drug with an existing generic drug that is not currently on our formulary
- Remove an original biological product when adding an existing biosimilar
- Add new restrictions to a drug or biological product
  - Prior authorization, step therapy or a quantity limit
- Move a drug to a different cost-sharing tier
- Make changes based on new clinical guidelines

If we make any of these changes, we must notify affected members of the change at least 30 days before the change becomes effective, or when the member requests a refill of the drug. At that point, the member will receive a 30-day supply of the drug.

Drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you.

## Using the formulary

There are two ways to find your drug on the formulary:

<b>Alphabetical order</b>	<p>Find your drug in the index that begins on page 84. Both brand name drugs and generic drugs are listed in alphabetical order.</p> <p><b>Step 1</b> Look in the index and find your drug.</p> <p><b>Step 2</b> Look at the page number where you can find coverage information.</p> <p><b>Step 3</b> Turn to the page listed to find coverage information about your drug. This will include the tier and any restrictions.</p> <p><b>Step 4</b> View the cost-sharing chart on page 15 to find the cost for the tier your drug is on.</p>
<b>Medical condition</b>	<p>The formulary begins on page 17 with drugs grouped into categories based on the type of medical conditions they treat. Medical conditions are listed in alphabetical order on the formulary.</p> <p><b>Step 1</b> Look for your medical condition.</p> <p><b>Step 2</b> Look under the medical condition header for your drug.</p> <p><b>Step 3</b> Find coverage information about your drug. This will include the tier and any restrictions.</p> <p><b>Step 4</b> View the cost-sharing chart on page 15 to find the cost for the tier your drug is on.</p>

Your plan's formulary includes both brand name and generic drugs. It gives you the information you need to determine your cost-share and any restrictions on your medicines.

	The drug(s) covered by your plan	The "tier" level or pricing category	The coverage rules for a drug
	↓	↓	↓
	Drug Name	Drug Tier	Requirements/Limits
<b>Lower case italics:</b> generic drugs	<i>sample generic drug</i>	1	PA
<b>All uppercase:</b> BRAND NAME DRUGS	SAMPLE BRAND DRUG	4	QL (30 ea per 30 days)

## Requirements or limitations

PA	<b>Prior Authorization</b> Some drugs require you or your prescriber to get prior authorization. You must get approval from us before you can get your prescription filled.	<p>There are two ways you, or your doctor or prescriber, can ask us to make a Prior Authorization, Quantity Limit, or Step Therapy determination to one of these requirements.</p> <ul style="list-style-type: none"><li>Request an exception online at <a href="https://aetna.com/medicare">aetna.com/medicare</a></li><li>Call Customer Care at the number on your member ID card.</li></ul> <p>Standard requests are processed within 72 hours of getting your prescriber’s supporting statement. Expedited (fast) requests must be processed no later than 24 hours after getting your prescriber’s supporting statement.</p> <div>See the section titled “Requesting an exception” for additional details.</div>	
QL	<b>Quantity Limit</b> For certain drugs, there is a quantity limit on the amount of the drug that we will cover. Quantity limits are based on the manufacturer’s and FDA’s recommended dosage. If you take more than the recommended amount, you will need to request an exception. For example, our plan provides up to 30 tablets per 30-day prescription for <i>atorvastatin</i> .		
ST	<b>Step Therapy</b> In some cases, our plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for your condition.  For example, if drug A and drug B both treat your medical condition, we may not cover drug B unless you try drug A first. If drug A does not work for you, SilverScript Choice (PDP) will then cover drug B.		
LD	<b>Limited Distribution</b> The drug manufacturer may limit the number of pharmacies that can stock and dispense this medication.  For more information consult your Pharmacy Directory, online pharmacy finder tool, or call Customer Care at <a href="tel:1-866-235-5660">1-866-235-5660</a> , 24 hours a day, 7 days a week (TTY: <a href="tel:1-866-235-5660">711</a> ).		
MO	<b>Mail-Order</b> Drugs that are typically available through mail-order. Please contact your mail-order pharmacy at <a href="tel:1-866-235-5660">1-866-235-5660</a> , 24 hours a day, 7 days a week (TTY: <a href="tel:1-866-235-5660">711</a> ), to make sure your drug is available.		

**B/D**

**Medicare Part B or Part D**

Medicare determines when a drug is covered under medical or prescription coverage. There are a number of cases that can alter how a drug or supply is covered, such as how the drug is administered and the setting of care. It is not unusual to require more information for drugs and supplies that can be covered under medical or prescription coverage to make a determination of coverage and applicable cost-sharing. In these instances, know that we are following the rules set by Medicare to provide you with appropriate coverage. Your pharmacy may need to submit more information describing the use and setting of the drug to help make the determination between medical and prescription coverage.

**HRM**

**High Risk Medication**

According to medical experts, these drugs may cause adverse side effects if you are 65 years of age or older. If you are taking one of these drugs, ask your doctor or prescriber if there are safer options available.

**ACS**

**Available from CVS Specialty® Pharmacy**

These drugs are for complex medical conditions and may require special handling and/or close monitoring. They are available through CVS Specialty Pharmacy Services and may be available at other specialty pharmacies in the network. You may not be able to get them at your local pharmacy.

## My drug is not on the formulary or has restrictions

Review the formulary with your prescriber to find a drug that works for you. There could be a prescription drug that you and your prescriber think you should take that is not on our formulary or is on our formulary with restrictions. You and your prescriber can ask the plan to make an exception for you and cover the drug.

<b>Talk with your doctor or prescriber</b>	Access your formulary online, or request a paper copy, to show to your prescriber for help finding a similar drug that is covered. In the medical condition section of the formulary, you will often find alternative drugs in the same therapeutic class used to treat your condition.
<b>Ask us to cover a non-formulary drug</b>	If we make a <b>formulary exception</b> to cover a drug not on our formulary, you will need to pay the cost-share that applies to drugs in Tier 4 (Non-preferred drug).
<b>Ask us to lower a cost-sharing tier</b>	<p>If we approve your request to cover your drug at a lower cost-sharing level (<b>a tiering exception</b>), and there is more than one lower cost-sharing tier with alternative drugs you can't take, you will usually pay the lowest amount.</p> <p><i>Please note: We cannot change the cost-sharing tier for any drug in Tier 5 (Specialty) or for a drug in which you have received a formulary exception.</i></p>

Generally, we will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug, or applying the restriction would not be as effective for you and/or would cause you to have adverse effects.

## Requesting an exception

When you request an exception, we will require a statement from your prescriber supporting your exception request. You can also get more information in Chapter 7 of your *Evidence of Coverage*.

There are multiple ways to request an initial coverage decision for a formulary, tier or a coverage restriction including prior authorization, step therapy or quantity limit.

- Ask your prescriber to call Customer Care at **1-866-235-5660**, 24 hours a day, 7 days a week (**TTY: 711**).
- Ask your prescriber to complete the form and fax it to us at 1-855-633-7673.
- Complete the form yourself. Include a statement from your prescriber to support your request. Mail or fax your request to us.
- Complete the online form. Provide your prescriber's information so we know who to contact for a supporting statement.

Follow these steps to find the form on our website.

1. Visit [aetna.com/medicare](https://www.aetna.com/medicare), scroll down to the bottom of the page, and click on "Get a form."
2. On the next page find the section entitled "File a Medicare appeal, complaint or coverage request" and click on the link "Read more on how to file an appeal or complaint or ask for other coverage."
3. Look for the section called "Request a drug coverage decision (determination)," and select the header "Prescription drug coverage only (PDP)."
4. Fill out the form on your computer or print a paper copy.

Mail or fax us your completed form:

SilverScript® Insurance Company, Prescription Drug Plans  
Coverage Decisions and Appeals Department  
P.O. Box 52000, MC 109  
Phoenix, AZ 85072-2000

Fax: 1-855-633-7673

Generally, we will make our decision within 72 hours of getting your prescriber's supporting statement. If you or your prescriber believe that your health could be seriously harmed by waiting up to 72 hours for a decision, you can request a quicker review.

If you request a quicker review, we must give you a decision no later than 24 hours after we get a supporting statement from your prescriber.

### Transition of coverage

Talk to your prescriber. We may cover your drug in certain instances during the first 90 days of the plan year.

Drugs not on our formulary may be covered temporarily for up to a 30-day supply, or 31-day supply for long-term care facility residents.

The temporary supply will give you time to speak to your doctor or prescriber about transition to a formulary drug.

*Refer to your plan Evidence of Coverage (EOC), chapter 3, section 5*

## Finding a network pharmacy

We have more than 63,000 pharmacies in our network. Visit our online pharmacy finder tool, at [aetna.com/medicare/PharmacyHelp](https://www.aetna.com/medicare/PharmacyHelp), to locate your closest pharmacy.

It's easy to use! Here's what you need to do:

1. Go to [aetna.com/medicare/PharmacyHelp](https://www.aetna.com/medicare/PharmacyHelp).
2. Enter your ZIP code and click "Next."
3. Select SilverScript Choice (PDP) from the "Select a plan" drop down box and click "Search."
4. The tool will then show all in-network pharmacies in the area.

## Important notes

- **If you refill a prescription too soon, we may not cover the cost.** There are limitations around how soon you can refill your prescription. As a general rule you should not try to fill a prescription more than a week before the current prescription fill runs out. If you need a refill early due to vacation or travel plans, call the number on the back of your member ID card.
- **Specialty drugs** are used to treat complex, chronic conditions, such as rheumatoid arthritis, multiple sclerosis and cancer. Specialty drugs often require special handling and can be very expensive. Their costs are rising 15 to 20 percent or more each year. Our plan has a separate tier (Tier 5) reserved for specialty drugs. This requires members to pay a percentage of the drug cost. Specialty drugs may be available at some retail pharmacies, but often these drugs are only available at a specialty pharmacy. Drug pricing tools do not know whether a specific pharmacy stocks a given drug. You should calculate your cost-share using a specialty pharmacy.

## Drug phases and costs

### Deductible phase

**\$615**

The amount you pay before you begin to receive benefits from the plan. You'll pay the discounted cost of the drug.

### Initial coverage phase

Up to  
**\$2,100**

During this phase, you pay a copayment or coinsurance (your share of the cost) for the discounted price of each prescription.

### Catastrophic coverage phase

Through  
the end  
of the year

You pay \$0 for Part D covered drugs during this phase. You'll stay in this phase through the end of the year.

The tables below tell you the copayment or coinsurance amount you will pay during the initial coverage phase. You will pay a yearly deductible of \$615 for your drugs until you reach the plan's deductible amount.

## Initial coverage phase copayment/coinsurance levels

### Your retail/mail-order cost-sharing (in-network)

	30-day supply	90-day supply
Tier 1 Preferred generic	\$0	\$0
Tier 2 Generic	\$7*	\$21*
Tier 3 Preferred brand	18%	
Tier 4 Non-preferred drug	33%	
Tier 5 Specialty	25%	N/A

\*If you live in New York, your Tier 2 copay for a one-month supply is \$6 and for a 90-day supply is \$18.

Long-term care pharmacies offer up to a 31-day supply, at the network pharmacy pricing. You can find complete cost-sharing and days' supply information, including costs for long-term supplies, long-term care and out-of-network pharmacy pricing, in your

***Evidence of Coverage.***

## Get more information

For more detailed information about your SilverScript Choice (PDP) prescription drug coverage, please review your *Evidence of Coverage* and other plan materials at [Aetna-PDP.MemberDoc.com](https://www.aetna.com/pdp/memberdoc.com).

If you have questions about our plan, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE **(1-800-633-4227)**, 24 hours a day, 7 days a week. TTY users should call **1-877-486-2048** or visit [www.Medicare.gov](https://www.Medicare.gov).

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network and/or copayments/coinsurance may change on January 1, 2027, and from time to time during the year.

See the *Evidence of Coverage* for a complete description of plan benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by service area. The formulary and/or pharmacy network may change at any time. You will receive notice when necessary. Other Pharmacies are available in our network. Participating health care providers are independent contractors and are neither agents nor employees of SilverScript. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change.

For mail-order, you can get prescription drugs shipped to your home through the network mail-order delivery program. Typically, mail-order drugs arrive within 10 days. You can call [1-866-235-5660](tel:1-866-235-5660), 24 hours a day, 7 days a week, TTY users call [711](tel:711), if you do not receive your mail-order drugs within this timeframe. Members may have the option to sign-up for automated mail-order delivery.

When this formulary refers to “we,” “us,” or “our,” it means SilverScript® Insurance Company. When it refers to “plan” or “our plan,” it means SilverScript Choice (PDP).

Due to legislation in Arkansas, effective January 1, 2026, you may not be able to utilize the following services within the state of Arkansas, unless a court takes action: CVS Retail, CVS Caremark Mail Service, CVS Specialty, and OMNI Care long term pharmacies.

This formulary was updated on October 1, 2025. For more recent information or other questions, please contact SilverScript Choice (PDP) Customer Care at [1-866-235-5660](tel:1-866-235-5660), 24 hours a day, 7 days a week (**TTY: 711**), or visit [aetna.com/medicare](https://aetna.com/medicare).
